Re: Stephen Corbett v. United States
Civil Action. No. 05-cv-11460-WGY

Dear Ms. Smith:

Please be advised that I was asked by Mr. Corbett to furnish to the Court his Motion To Vacate, Set Aside or Correct Sentence relating to the *Shephard* issue. I am not court-appointed to represent Mr. Corbett and merely furnished it as a courtesy. I did so because Mr. Corbett does not wish responses from the government to come to him at a federal institution that might address certain statements of reasons in his sentencing. Accordingly, I am simply the emissary for him. Please remove my name as representing Mr. Corbett.

You may, however, continue to have me on your List Serve for the docket so that I can report to him the state and status of his various matters. This will be of aid to him as he communicates with me every ten days concerning these matters.

Very truly yours,

James B. Krasnoo
